

Professor Roy S. Nutter, Jr., Ph.D., P.E.
West Virginia University
Lane Department of Computer Science and Electrical Engineering

Roy S. Nutter, Jr., PhD, P.E.
IEEE Life Fellow

Roy Nutter is a full Professor of Computer Science and Electrical Engineering at West Virginia University. Professor Nutter currently leads a research group in digital forensics and cyber defense as a principal in the West Virginia Cyber Crime Consortium. In addition to his many rolls in instruction and research, he has served WVU as a Electrical and Computer Engineering Department Chair, Chair and member of the WVU Faculty Senate, member of the WVU Board of Governors, Chair of the West Virginia Advisory Council of Faculty, and many other committees and task forces. He is also a member and past Secretary for the Board of Directors of the National Cyber Forensics Training Alliance, NCFTA. Previous to WVU, he was a Project Engineer for NCR's Accounting Computer Division. In addition, he is a registered Professional Engineer and does consulting within his broad knowledge and experience. Professor Nutter has expertise in a variety of areas including electronics, embedded computers in underground mining, electric vehicles, and digital forensics. In addition, Professor Nutter holds ten patents in multiple areas of engineering.
